Subject--Representation of the ryots of Hanagodu and other adjoining villages in the Hunsur Taluk for (1) opening a Dispensary at Hanagode (2) Improvements to Hanagode-Hunsur Road and (3) Restoration of the breached anikat across the Lakshmanathirtha River

Reference-- Letter No.11363 dated 7th June 1929, from the Superintending Engineer, Mysore Circle.

Submitted to the Third Member of Council.

2. The ryots of Hanagode and other adjoining villages in the Hunsur Taluk presented a petition to the Dewan of Mysore during his recent tour in the Mysore District, praying for (1) opening a Dispensary at Hanagodu (2) Improvements to Hanagodu-Hunsur Road and (3) Restoration of the breached Anikat across the Lakshmanathirtha river.

3. The Superintending Engineer, Mysore Circle, to whom the petition was referred, states as follows :--

(1) Opening a Dispensary at Hanagodu.

The locality is in thick malnad and the nearest dispensary is at Hunsur which is 9 miles away. The President District Board, Mysore District, has been requested to state as to whether funds for the purpose would be made available from the District Board and his reply is awaited On its receipt, necessary plans and estimates for the work will be prepared in consultation with the Senior Surgeon.

(2) Improvements to Hanagodu-Hunsur Road. - The road is a graval road with an allotment of Rs.30/- which has recently been raised to Rs.70/- ~~which~~ per mile. The major portion of the road runs in black cotton soil in thick jungle and becomes impassable during rainy season. A special repair estimate for Rs.1,800/- which was sent to the President, District Board, for countersignature and allotment of funds was returned unsanctioned for want of

funds.

As regards items (1) and (2), I think these are necessary and may perhaps be met from the malnad Improvement funds. Chief Secretary may be consulted.

2) Subd. The cost of opening a dispensary is Rs 1700 initial cost + Rs 228 pr measem or Rs 2736 pr annum. The total cost for the first year is therefore Rs 4436. As the Md. grant has already been distributed, it does not now appear to be possible to find the sum from the M. D. grant. The question of opening a L.F. dispensary or a Md. dispensary may if appd. be considered later in the year

8) I find from the Government Order No.G.934-44/Sa.n.60-28-16, dated the 25th July 1929 that provision has been made for a sum of Rs.3,570 for the construction of Dispensary building at Belagodu. So far it has not been usual to meet the Government share of the cost of construction of Dispensary buildings from the Malnad Improvement Budget. In common with the buildings elsewhere, the cost has to be charged to the P.W.D. I am of opinion that the available grant of Rs.3,570/- should be utilised for opening new dispensaries under the M.I.scheme. A dispensary at Hanagodu is necessary and the District Board is pressing for its establishment. Without this grant, the dispensary at Hanagodu in the Hunsur Taluk cannot be opened, seeing that the sanctioned provision is barely enough to cover the expenses of the existing 28 M.I.dispensaries in the State.

9) Regarding the construction of a dispensary at Belagodu the contributed amount of Rs.2,000/- and the District Board share of Rs.3,570/- may be worked out this year and provision for the Government share made in the P.W.D.budget of 1930-31.

10) If this proposal is approved, item No.(b) may be met from the sum of Rs.4,000/- as suggested by the Assistant Secretary. If not this sum may be made available for the opening of the Dispensary at Honagodu.

In regard to paragraph 8 about the contribution of Rs 3570 from the Govt grant for the construction of a dispensary building at Belagodu, it is submitted that the Govt have committed themselves to this expenditure (Vide Govt no G 813-7/med 166-26-10 dt 18-7-1924) Besides, funds have also been given for the construction of dispensary buildings (Govt no. G. 5331-87 San 43-25-dt 24-11-1926). It is therefore for consideration whether the amount in question may now be debited as proposed to the Semi-Official ~~or the~~ We also proposes that the cost of constructing the dispensary building at Belagodu may be met from P.W.D funds during the next year No 4 also for orders.

2/9/29 12) The 4 matters referred by the Chief Engineer to the Chief Secy: in this file are:-

(1) Opening of a dispensary at Hanagodu &

(2) Improvements to Hanagodu-Hunsur road

13) In regard to (1) the Chief Engineer states that the Distt: Board has been

requested whether funds could be made available and that their reply is awaited. He has also promised to submit plans and estimates after the above reply is received. In regard to the Govt. share of the cost, the S.S. suggests that the provision now made for the Belgoda Disp: building may be utilized for the proposed Hanagodu dispensary and that the contribution of the Dist: Board & of the villagers (Rs 5,070) alone may be worked this year for the Belgoda dispensary. But it has to be pointed out that the Govt: have already committed themselves for the expenditure of Rs 3,570 on the construction of this dispensary in the G.O: (Flag E), and needful provision therefor has also been made in the R. D. budget of the current year (Flag G.).

4/ On the other hand, so far as a dispensary at Hanagodu is concerned it will take some time before a final decision is reached about it, after the resolution of the Dist: Board is received. After a G.O. issues, it may be possible to work out the Dist: Board share of the cost together with any contributions from the people before the end of the year. The Govt: share of the cost of construction of the dispensary may be considered at the time of the next budget some time

in March or April next. In this case there may not be much difficulty in providing funds for Hanagodu during the next year. The existing arrangements about M. D. grants may not therefore require any modification as suggested by the S. S.

15) In regard to (2), now that the grant for M. D. works has been transferred to the District Boards concerned and a sum of Rs 4.000 has been allotted to the Mysore District for improvement of communications, the Dist: Board can easily meet the cost from that allotment.

stated therein that he was in correspondence with the President, Mysore Dist. Board about their share of the cost. until the dispensary is sanctioned, there can be no question of a building.

He suggested therefore that the expenditure might be met from the m. d. funds. This suggestion was accepted by Govt in the G.O. G.813-7 / Med 166-26-10 dated 18th July 1929 (The words "Senior Surgeon" mentioned therein is apparently a typing mistake for "Chief Engineer".)

29) Now that the Govt have committed themselves to the expenditure of that amt from the m. d. funds (vide G.O. 936-44 / Law 60-28-16 distributing the m. d. grants) for the Belgode Dispensary building, the only point for consideration is whether a m. d. disp: may be sanctioned for Hanagode in the Hunsur Taluk from 1.6.1930, making the necessary provision in the next year's budget. CHIEF SECRETARY
21 NOV. 1929

To

The Chief Secretary
to the Government of His Highness
the Maharaja of Mysore, Banglore.

SIR,

With reference to your letter No. G. 6023/Sany. dated the 13th November 1929, enquiring whether the District Board is agreeable to bear its share of the cost towards the construction of a dispensary building at Honagodu, I have the honour to state that the question of the construction of the dispensary building could arise only after the dispensary is established. Perhaps this place has been mistaken for Belagode, in the Hassan District, where there already exists a dispensary and where the subject of constructing a dispensary building is under correspondence, and for which the District Board of Hassan have promised to contribute.

2 The opinion, expressed in my un-official note No. G.C.195 44, dated the 16th August 1929, was that the sum of Rs.3570 which has been provided for the construction of the Belagode dispensary building, may be released for the opening of dispensaries under the Malnad Improvement Scheme, as no funds for the construction of dispensary buildings are usually provided in the Malnad Improvement Budget.

3, It has been stated in the Government Order No. G. 813-7/Med. 166-26-10, dated the 18th July 1929 that "the Senior Surgeon recommends that the other half viz., Rs.3510/- be met from the Malnad Improvement funds. This recommendation is also approved." But it will kindly be seen from my letter No. G C. 195-31 dated the 14th February 1929, that my only recommendation is for the Government and the District Board Hassan, meeting the balance of the cost viz., Rs.7140/-

Z

in equal proportion. Nowhere have I stated that this sum could be met out of the Malnad Improvement Funds. Under these circumstances I request that the sum of Rs.3,570/- may kindly be released so as to enable me to open one or more dispensaries under the Malnad Improvement Scheme.

I have the honour to be,

Sir,

Your mostobedient servant,

S. Subba Rao.

Senior Surgeon.

SIR,

E In continuation of my letter No.C.2492-10 dated the 4th February 1930, regarding the opening of the dispensary at Honagodu I have the honor to state that the President, District Board, Mysore informs me, that the Malnad Improvement Committee of 1928-29 had included the opening of M.I.dispensary at Honagodu, during that year No specific resolution of the District Board appears to have been passed on the subject.

As no funds are available from the M.I.grant for the opening of the dispensary this year, I have addressed the President to include this place in the Triennial Programme of dispensaries of that district according to its order of urgency. This question may therefore be considered as disposed of.
